SUMMARY: The Average 3rd-Grade-High School Proficiency for 31 public school districts in Cuyahoga County was 61.6, slightly above Ohio's 57.7. There was significant variance between districts as the districts ranged from a high of 91.8 to a low of 14.7. Several large, poor-performing dominated the overall outcome. The 13 districts with average scores below 60 totalled 73,000 students with an estimated 48,400 students below proficiency of 60. The 11 districts with scores over 80 accounted for 31,600 students, with only 4,700 below
